

Shibusashirazu members 2005

Shibusashirazu Orchestra in Europe 2005 will consist of roughly 20-30 musicians and performers. However, our lineup is not fixed. It will change flexibly in order to bring an optimal performance unit to stages and locations as they present themselves. (Our stage manager may fly to Europe early in 2005 to discuss specific needs directly on location.)

With this in mind, it is obvious that the member list below only stands as a sample list of members that CAN be expected to appear. Also, the number of performers will change from place to place. Please let us know what you want. We WILL try to fulfill all your wishes.
